favor of breaking their contracts, and, therefore, are opposed to a general suspenthe miners that the real object of the anthracite operators is to break up the union. If the life of the organization is really jeopardized it is believed the miners will not hesitate to order a general suspension

of work. There are two methods of compromise that may be offered to the minrs in favor of a general strike. One of these is to allow all the miners that are not working under contract to strike, and the other is for the entire organization to limit the output of soft coal so that the bituminous operators can only supply what contracts they have and the market for domestic use. It is known that the national officers and many of the district officers will do what they can to hold the convention in check and prevent any radical measure being adopted, but if the convention "takes the bit in its teeth," as Secretary Wilson expressed it, they are powerless.

ATTITUDE OF OHIOANS.

They Asked for a Convention in Order

to Defeat General Strike. COLUMBUS, O., June 18 .- The executive board of the Ohio mine workers' board today adopted a set of resolutions asking President Mitchell to call a general convention of the union. It is stated on unquestionable authority that this action is for the purpose of fighting the question of a strike to assist the anthracite miners in their fight. The Ohio miners prefer to take | be made in all departments of the Illinois their chances in a convention rather than permit the national board to declare a strike. Ohio operators have been assured

there will be no strike declared. The resolutions adopted to-day say in part: "The life of our national organization being threatened should our forces be defeated, we believe that a more comprehensive plan of campaign should be marked cut and a clearer understanding of the dangers confronting us given our members, so that every effort that can be made with honor and credit be directed to the crushing of the enemies of our union rather than for the correction at this time of minor

In this connection it is pointed out that Ohio miners and operators are working under a contract. It is known that the whole force of the Ohio mine workers' organization is opposed to a strike and will fight the proposition on the floor of the convention. The Ohio miners prefer to pay 50 cents a ton on all the coal they mine for the benefit of the anthracite men rather than break their contracts.

Viewed as a Bluff.

hence is interpreted by the operators here to be an effort to bluff them and buoy up the strikers. A representative of one of companies said this afternoon: "The mine workers' leaders made this call with no expectation that the soft coal men will join in their strike, but solely for the purpose of giving the strikers something to look forward to. But come what may, the position of the operators cannot be changed. It would be suicidal for the operators to make even the semblance of a concession.' District President Nichols left to-day for Philadelphia to confer with the national officers of the Carpenters' Brotherhood with a view of having the mine carpenters urged to obey the strike order.

Coal Output to Be Curtailed.

CLEARFIELD, Pa., June 18 .- The subdistrict presidents of district No. 2. United Mine Workers, met here to-day and issued an order directed to the local union check weighmen and miners of northern and central Pennsylvania which will reduce the output of bituminous coal in this region | wire. one-third. The order restricts the working days to four each week. All miners are requested to suspend work on Wednesdays and Saturdays of each week at all operations where no coke ovens are worked. The order will go in effect June 25. The purpose of the order is to restrict the output and thus to some extent prevent the operators from filling orders for bituminous coal to be sent to points where anthracite coal was used prior to the anthracite miners' strike.

Will Stand by the Girls.

WILKESBARRE, Pa., June 18 .- The big mill, which was tied up yesterday because the management would not discharge several girls whose relatives are still at work in the mines, did not resume operations to-day, General Manager Doran said the firm had been much annoyed of late by the strikers insisting upon the discharge of certain employes on account of the coal strike, and that the company was now going to make an issue of it and fight it out. The girls whose dismissal is demanded by the Lace Makers' Union, he said, will not be discharged

Harmonious Gathering at Nashville, Where Judge Campbell Was Placed at Head of Ticket.

LINCOLN, Neb., June 18 .- In a spirited free-for-all contest between seven promising candidates, John H. Mickey, of Osceola, Polk county, was nominated for Governor by the Republican state convention at 10 o'clock to-night, after an almost continuous session since 2:30 this afternoon. The nomination came to Mr. Mickey on the thirteenth ballot, after a vain effort in turn

The ticket was completed as follows: the past week and it is understood that all | Lieutenant governor, E. G. McGilton; secretary of state, George W. Marsh; treasurer, Peter Mortensen; auditor, Charles Weston; attorney general, F. N. Prout; commissioner of public lands and buildings, G. D. Follmer; superintendent of schools, W. E. Fowler. were made by acclamation. The feature of the convention was the unanimity and enthusiasm with which the national administration was indorsed. A communication from Senators Millard and jetrich, explaining their attitude on the Cuban reciprocity bill, was, on motion, placed on tile without action.

The platform deplores the death of President McKinley, and continues: "We heartily indorse the administration of President Theodore Roosevelt. We especially commend the justice and wisdom of his reciprocity policy with Cuba as embodied in his message to Congress. We commend the bold stand that he has taken against the formation or perpetuation of unlawful combinations in restraint of trade. We are heartily in sympathy with the President's policy in favor of the national irrigation law, and we commend our senators and representatives for their efforts in securing the passage of the same. 'The American soldier needs no apology. His record is one of loyalty, bravery and generosity toward a treacherous and cruel foe. In battle, in victory and defeat, he has been the pride of his countrymen and challenges the admiration of the world. To criticise him is unjust, to denounce him is cowardly, to deprive him of the honor

"We, the Republicans of Tennessee, in convention assembled at Nashville, believng that the measures inaugurated by the national Republican party through President McKinley, and being carried out by President Roosevelt, together with the polcies touching both home and foreign relations, to be the only true American policy leading to individual happiness, prosperity and national greatness, hereby reaffirm our fidelity to and support of the same, as set forth fully in the national platform

DOUBLE-HEADER SATURDAY.

First Game with Minneapolis Will Be Called at 2 p. m.

The result of the game at Louisville yesterday was a more pleasing one to the Indianapolis enthusiasts than the first two played in the Kentucky town this week. The Hoosiers showed they are still on earth and may make another fight to get to the front. They went back to third place by winning yesterday. Indianapolis plays at Louisville again to-day and will lay off to-morrow. The team returns home Saturday for the first of the second series with the Western clubs. Minneapolis comes first and the first double-header of the season will be played Saturday, the first game to be called at 2 o'clock. Paul, Milwaukee and Kansas City follow in the order named, each scheduled to play three games.

SENIORS DEFEAT ALUMNI.

A Game of Ball that Proved "a Comedy of Errors."
